

32

Shut Off Valve

32

Code: SSBV-H
(to suit SSBW and SSBW-1)

**No need for a
sink plug**

**No more putting
your
hands in dirty
water with
exposure to
sharps**

**Easy to retro
fit to
existing sinks**

- ▲ Designed to suit the scraptrap but can be used for other purposes
- ▲ Nickel plated brass ball valve with teflon seat
- ▲ Stainless steel handle and support
- ▲ Handle is reversible to point up or down simply by turning the ball valve around
- ▲ Can be fitted to any waste outlet with a 50mm BSP male thread
(plug waste and basket waste etc.)
- ▲ Handle length can be made to order for special applications
